The Holy Sabbath.

The Subbath is a religious institution, and not, strictly speaking, the name of any particular day of the week. Sunday is is the day which Christians observe as the Subbath, and hence many regard Sunday and Subbath, and hence many regard Sunday and Subbath as synonymous. But this is a unistake. Saturday is the Subbath of the Jews. The English word Subbath comes from the Hebrew noun Shabeath, which literally means "a day of rest." Biblical scholars and critics lrace this noun back to the verb which signifies "to cease to do," or the substitute of back to the verb which signifies "to cease to do," or dec 11-tt JOHN GIBBS, Deputy Steriff.

"the rest." In the Jawish economy, the observance of the week as a Sabbath was not only enjoined in a general way in the Mosaic code, but specifically required by the fourth commandment of the decalogue. The first Scriptural notice of a weekly Sabath is in Gen. 2: 3, where it is stated. And God blessed the seventh day and annetified it; because that in it he had rested from all his works, which God created and made.—

Hence we have clear Scriptural and he is the state. Hence we have clear Scriptural authorize for stating that the institution is as old as mankind. It was enforced upon the Israelites by the law of Valuable Real Estate Moses, they being God's chosen people.

thus describes our present Minister to Belgium, IN PURSUANCE OF, AND UNDER Hon, Henry S. Sanford:

"The diplomatic corps of the United States government is a comfortable hospital for broken-down political backs. This Henry S. Sanford, so outrageously puffed, does not get up to the dignity of a political hack. He has just sense enough to get in out of the rain, and that is all. When Secretary of Legation at Paris, he is remembered by Americana as so excessively aristocratic that he could be seen only between the hours of 12 M. and 2 P. M., and the thaff in two years, with interest from the equity of sale, and requiring the purchaser to give bonds with approved personal security for the sale money, and retaining lines on the property for further security, the following described by that the coat tails of our compatitots were
